

# Equine Preventive Care Plans

---

Every horse has a unique set of needs. Our Equine Preventive Care Plans offer an array of options to choose from and can be personalized to meet your horse's needs. Equine Preventive Care Plans are good for your horse and your wallet!

## Our Plans

**Basic** includes two farm calls, physical examinations, vaccines, dental work, lameness screen, nutritional consultation, fecal egg counts, deworming products, and Coggins testing. All the preventative care services necessary to help avoid illness.

**Comprehensive** is designed to keep your horse healthy during the golden years. Designed for horses 15 years and up, this plan includes everything from the Basic plan and additional services like routine bloodwork and metabolic testing.

**Added bonus** – all plans now include an extra physical exam, should your horse be feeling less than their best in between wellness visits!

---

## Why Preventive Care Plans?

Our Equine Preventive Care Plans provide all the recommended veterinary services for one year, with the option to divide the cost over 12 affordable monthly payments. You can upgrade your plan as your horse ages. Research shows that horses that receive regular wellness exams and follow preventive medicine recommendations live longer, healthier lives!

- ✓ Avoid preventable illness
- ✓ Minimize costly emergency visits
- ✓ Affordable monthly payments
- ✓ Happier, healthier years with your horse!

At Fredonia Veterinary Clinic, we look forward to helping you provide your horse with the best possible care at every stage of life. We've partnered with Petly® Plans, brought to you by IDEXX, to help us make that care more affordable and convenient for you.
